

- 2:00 – 2:20** **John Dunn**
The effect of host genetic resistance and vaccination of Marek’s disease virus transmission
- 2:20 – 2:40** **R. Mick Fulton**
Streptococcus bovis in ducklings, what does it mean?
- 2:40 – 3:00** **Carol Cardona**
Re-emergence of Avian Metapneumovirus Type C, Why it took us by surprise.
- 3:00 – 3:20** **Break**

Moderator: Drs. Carol Cardona & K. V. Nagaraja
- 3:20 – 3:40** **Mahesh Kumar**
A field perspective on the history and control of type C avian metapneumovirus in commercial turkeys in Minnesota
- 3:40 – 4:00** **K.V. Nagaraja**
Bacteria and the expression of disease associated with type C avian metapneumovirus
- 4:00 – 4:20** **Timothy Goldsmith**
Securing food in the face of an animal disease outbreak response
- 4:20 – 5:00** **Ron Lippert**
My decade of enlightenment
- 5:00 – 5:30** **Disease Round Table- Lead by Dr. Mo Saif**
- 5:30 – 5:50** **NCADC Business Meeting—Dr. Mick Fulton**
- 5:50** **Kentucky Ale time—sponsored by Alltech**
- 6:00 – 8:00** **Awards Banquet Co-sponsored by Alltech and Maple Leaf Farms**

Tuesday, March 17, 2015

NCADC Symposium

What does “a new genotype of an old pathogen” mean?

7:30 – 8:30 AM Registration & Continental Breakfast

Moderator: Drs. Mick Fulton & Ching Ching Wu

8:15 – 9:00	Mo Saif	Infectious Disease: Old Concepts, New Technologies, New Challenges
9:00 – 10:00	Nicolas Etteradossi	Technical and Biological Issues in Genotyping Widespread Avian Viruses: Some Examples from IBDV, IBV and Avian Metapneumovirus Research
10:00 – 10:20	Break	
10:20 – 11:00	Mia Kim-Torchetti	Avian Influenza: Making Sense of the Alphabet Soup
11:00 – 11:40	Brenda Morningstar-Shaw	The Name Game: Keeping up with Salmonella
11:40 – 12:00	Panel	Questions and Answers

NCADC & MPF Joint Symposium on “Poultry Nutrition and Health” (1:30 – 5:00PM)

Dr. Sheila Purdum, University of Nebraska, Chairperson

1:30 – 2:15	Allison Van Eenennaam	GM Feeds and Animal Health: What Do the Data Say?
2:15 – 3:00	Sheila Purdum	In Vivo Digestion of Genetically Modified Proteins in the Chicken and Fate of Such Proteins
3:00 – 3:15	Break	
3:15 – 4:00	Raj Murugesan	Recent Advances on Microbial and Enzymatic Deactivation of Mycotoxins
4:00 – 4:45	Adam Fahrenholz	Feed Particle Size and Poultry Performance
